Toms River, NJ 08753

Hi Lou,

I am writing you a testimonial concerning the new home you built for us on the bay front in Toms River. This custom home was magnificent and you and your men did a great job not only on the home but also the custom made decking built into the pool. It truly came out great and you gave me a very good price to build our home . You and your staff were honest and dependable and could be counted on when something unforeseen came up.

You gave immediate and attentive service and could always be reached. Thanks again for building Lorraine and I, a wonderful vacation home at the water.

Best regards,

Michael Finaldi
